Navy Reserve Vision 2015-2025

The Navy Reserve 2025

The service of our Sailors, especially in the last decade, brought tremendous benefit to Fleet and Combatant Commanders, securing our position on the Total Force team; but we cannot rest on our legacy.

As the Navy transforms to meet future demands, so too will the Navy Reserve, as we remain fully integrated with the Navy of tomorrow. In alignment with CNO’s guidance, A Cooperative Strategy for 21st Century Seapower, we will build on the operational proficiency we have gained to remain ready to respond to emerging missions. We will expand our ability to draw on the civilian skills of our highly diverse and multi-talented personnel, where every Reserve Sailor treats each drill and each active duty period as a chance to improve themselves and the Navy; reaping every ounce of benefit and building an elite team for the future.

Our course forward requires that we accept some honest truths:

- 1- the maritime battle-space of the future will be dramatically different than today;
- 2- Reserve Sailors’ private sector technological skills will expand at ever increasing rates;
- 3- we must replace our current business processes with technologically advanced solutions;
- 4- we need to advance our professional development and leadership training programs to grow officer and enlisted leaders of tomorrow.

Embracing these truths over the next decade will help us focus on building the Reserve Force of 2025.

Strategic Imperatives

Our Force will navigate forward guided by five Strategic Imperatives which set our course to future mission success. To achieve our Vision, we must:

- 1 KEEP PACE WITH NAVY’S FUTURE CAPABILITIES:**
We will be integrated with the Navy’s newest platforms, capabilities and missions.
- 2 MAINTAIN A READY FORCE FOR TOMORROW:**
We will remain operationally proficient, ensuring a ready, highly trained, and surge-capable Force.
- 3 ACTIVELY EMPLOY EACH SAILOR’S UNIQUE CAPABILITIES:**
We will align and employ our Sailors’ military and civilian skills with future requirements.
- 4 DELIVER TECHNOLOGICALLY ADVANCED SOLUTIONS:**
We must consolidate and modernize the systems used to enable and manage Sailor readiness, while improving Sailor access to those systems.
- 5 DEVELOP TRANSFORMATIONAL LEADERS:**
We will train and retain the best of our nation; inspirational leaders of all paygrades, with diverse skillsets, who will deliver tomorrow’s Navy Reserve.
